## TOWN WARRANT.

---

### STATE OF NEW HAMPSHIRE.

[L. S.]

*To the Inhabitants of the Town of Windham, in the County of Rockingham in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at the Lower Town Hall in said Windham, on Tuesday, the eleventh day of March next; at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.
3. To raise such sums of money as may be necessary for the repair of highways and bridges for the ensuing year, and make appropriation of the same.
4. To see how much money the town will vote to raise for the observance of Memorial Day.
5. By Request: To see if the town will vote to widen and guard the highway at the Southwest Shore of Cobbett's Pond, also to widen and straighten the highway at the foot of hill by Morse lot, east of E. O. Haskell's, also to straighten and widen the highway at foot of hill between E. O. Haskell's and C. M. Webber's, and raise and appropriate money for the same.
6. By Request: To see if the town will vote to widen and improve the highway near Indian Rock at the corner of the road leading to what was formerly known as the Olin Parker farm, and raise \$100 for the same.

7. By Request: To see if the town will vote to re-establish the prices for the use of Town Hall and Piano.

8. By Request: To see if the town will vote to recatalog the books in the Nesmith Library and raise and appropriate money for the same.

9. By Request: To see if the town will vote to accept a new highway system that will save 25 per cent of the town's expense.

10. To see if the town will vote to authorize the Town Treasurer to hire with the approval of the selectmen, such sums of money as may be necessary for current expenses in anticipation of taxes.

11. To see if the town will vote to buy a road roller, and if voted in the affirmative to raise and appropriate money for the same.

12. To see if the town will instruct the Selectmen to carry the Burnham case to higher court.

13. To see if the town will authorize the Selectmen to raise an additional sum of money to be expended on highways, the sum not to exceed that which would make the tax rate seven dollars and fifty cents on a thousand.

14. To see if the town will vote to buy a stone crusher outfit and appropriate money for the same.

15. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass any vote relating thereto.

Given under our hands and seal this twenty-fourth day, of February in the year of our Lord nineteen hundred and thirteen.

## BOARD OF HEALTH.

The board of health submit the following report for the year 1912, also a few rules and regulations of the State Board of Health:

"Local Boards of Health are warned against adopting any method of disinfecting after communicable diseases not approved by the state board of health. The law requires local boards to use methods endorsed and recommended by the state board of health."

"Much of the so-called disinfection practiced in families, is wholly inefficient and useless. The burning of coffee, tar, sulphur or other substances in the sick room or in any other part of the house or premises in the presence of the patient or other person, operates, at most, only as a deodorizer and does not destroy the germs of the disease."

# TWENTY-SEVENTH ANNUAL REPORT

OF FHE

## SCHOOL BOARD

FOR THE

YEAR ENDING FEBRUARY 15, 1913.

---

### REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the Board of Education of the Windham School District:*

I herewith submit my report as superintendent of schools. As my term of service has covered only the present school year, I will speak but briefly of the present condition of the schools.

But four schools are now regularly maintained. These had a total registration for the fall term of 77. If it were practical further concentration would be desirable. This is probably out of the question now on account of the distances that it would be necessary to transport the children. There is always likely to be a loss in efficiency in maintaining small isolated schools. This will depend, however, in a great measure upon two things, the skill and effectiveness of the teacher, and the spirit of the community. A good teacher, supported by the sympathetic co-operation of the community, can do effective, and often most satisfactory work in our rural schools. It is a field of promise.

The schools opened in September with one new teacher, Miss Ethel Farrington at District No. 3. After six weeks, Miss Farrington resigned, and Miss Feodora Nichols was

secured for the place. But the school was in a somewhat chaotic condition, and after a week and a half, Miss Nina A. Boyd was placed in charge. Since then the school has made rapid progress. A marked improvement in spirit has been brought about, and consequently the work done has been more effective and satisfactory.

The school at No. 1, was somewhat broken up during the fall term by the illness of the teacher, Miss Cutting. After a time a substitute was put in charge, Miss L. T. Carlton, who remained six weeks, and did effective work. Miss Cutting was able to return after the Christmas vacation and the school is now making its usual progress under her tuition.

The schools at No. 4 and No. 6, have been without interruption. The attendance at these schools has been rather more regular. This is always an element in the success of any school. The most skillful teacher cannot obtain good results in a school where the attendance is irregular. Particularly is this true where the irregular attendance is due to indifference, or to employment by which the interest of the child is taken from his school work. No parent who has any respect for law or any consideration for his child will allow the child to be absent from school except in case of necessity. With few exceptions, the attendance in our schools has been good.

The Searles building at No. 1, is an unusual and an exceedingly attractive building. There is probably no rural school in the country to be compared with it in excellence of architecture and general attractiveness. It should be preserved with care and the grounds as well as the building should be kept in as attractive condition as possible.

On the other hand the buildings in the other districts are in a poor condition. They are old and in many ways are inadequately furnished. They should be made thoroughly modern and comfortable, and should be well equipped. They should be made attractive even. This can be done

gradually without incurring any great expense in any one year.

With our school plants put in good condition, with the full school year, which has already been accomplished, and with a unified course of study, carefully supervised, the children of Windham should benefit by just as good school privileges as are obtainable.

The most important facts of the school statistics are shown in the appended table.

In conclusion, I wish to thank the members of the school committee, the teachers, and all who have in any way contributed to the success of the schools.

Respectfully submitted

CHARLES W. CUTTS,  
Superintendent of Schools.

## REPORT OF THE SCHOOL COMMITTEE.

*To the Citizens of Windham:*

We can add but little to the report already given of our schools. We have had some breaks in the terms, but the lost time is being made up as far as possible. The new superintendent has worked hard to accomplish as much as possible with his limited time and being a stranger to all and to the general condition of the schools. We would ask the parents and all interested in school work to visit the schools and know for themselves more about the way our schools are conducted and acquaint themselves with the state program and the present system now followed.

We make the following estimates:

Tuition	\$500 00
Books and Supplies	75 00
Flags	25 00
<hr/>	
	\$600 00

Respectfully submitted,  
FANNIE G. SIMONDS,  
For the School Board.
